Education

September 2017 - Present

Staffordshire University, United Kingdom

Web Design

- Tackled multiple web projects, where I was in charge of design and the front-end.

September 2016- July 2017

The Hague University of Applied Sciences, Netherlands

UX Design

- Collaboration project with TomTom, working on redesigning the TomTom Curfer, improving the overall UX of the product, producing an interactive prototype, design report.
- Collaborative project with Coolblue, a bespoke project for gift giving, where I applied various UX and Research Methods to design / approach the project.

Experience

June 2017 - September 2017

BoBuy, Hong Kong

UX Design and Marketing Intern

- Help redesign their app interface (Visual Design).
- Worked with the marketing team, creating marketing ideas.
- Provided expert analysis on UX aspects.

March 2017 - April 2017

Lille Animation Festival, Lille

Animator

- Worked as an animator with international students, where I was in charge of the keyframes, storyboard and animation.

September 2014 - December 2014

Seoul Plaza, Cambridge - Store Staff

- Worked with the staff team in the Cambridge branch, helping with restocking and sales.
